H. T. LOGAN.

Rev. J. I. Wills will begin a series of meetings at Mt. Hebron church on Tuesday night 21.

Dr. B. F. Walter has patented the famous Dr. Hill chill cure and will take a trip through the South, placing it with druggists. It is a sure cure.

Sale of Stock of Goods.

John Hicks, who recently sold his interest in his store at Stone Ky., has purchased from H. D. Lee his stock of merchandise at Judson, Ky. Possession will be given as soon as invoice can be made.

Accident.

Last week the Daily press announced that H. Clay Herndon, a prominent Internal Revenue official, had fallen through an elevator shaft, at Mayville, and received fatal injuries. Capt. William Herndon, this city, who is a brother, was preparing to go to Mayville, when he received a telegram that the injuries were not fatal and that he would soon recover.

Land Sales.

Hughes & Swinebroad, the real estate men, report that they have just sold for G. B. Swinebroad, the 113 acres of land purchased by him from Lem Teator for five thousand dollars. The sale was made to E. B. Ray and John A. Masters, Mr. Ray getting 68 acres of land and Mr. Masters 25 acres. They also report that P. T. Brown has sold his farm of 119 acres on Sugar creek to H. D. Lee at \$62.50 per acre.

Base Ball.

The Harrodsburg Herald says that the base ball team of that place has outclassed every team in this section, "even Lancaster". We desire to correct that statement and add that Lancaster defeated Harrodsburg early in the season 7 to 2 and 12 to 0 in double header, and recently defeated their Kentucky Central league team 9 to 8 and the management of Lancaster team states they can arrange another game if they are not satisfied. The Harrodsburg paper referred to will please correct the statement.

City Ticket.

Over 200 names have been signed to a petition favoring the re-election of H. T. Logan for Mayor and J. R. Mount, James Hill, H. C. Hamilton and James Smith, members of the old Board of City Council, adding the names of G. S. Greenleaf and W. M. Zanone. That the city administration has been acceptable is evinced by this petition. The council has handled the affairs of the city in a business like consistent manner, and Chief of Police Herron has discharged his duties faithfully. It is not likely that there will be another ticket.

The county election commissioners are now Sheriff C. A. Arnold, R. H. Batson and James Clark.

Learning Wisdom from Others. It is a great thing to mix betimes with clever people. One picks their brains unconsciously.—Dwight Lytton.

Death.

Mrs. Prewitt, aged 90 years died at her home within 3 miles of this place and the burial followed on Thursday. The deceased is survived by her aged husband and several grown sons and daughters.

Corner Stone.

The ceremonies, incident to laying the corner stone of Danville new post office building, on September 22, will be imposing, and a large crowd will be in attendance. The program will open with a banquet at noon.

Good News.

Mr. F. S. Hughes, Editor of this paper, writes from Norfolk, Va., on a card with a picture of many bathing, on the Virginia Beach, in which he says, "This is the first bath tub I have seen that is long enough for me." We hope he will remain until he becomes clean.

Going Down.

The rebellious angels had just been cast out of heaven. In the swift downward flight Lucifer overtook Beelzebub. "What's troubling you, tub?" he called. "An old problem," answered the future real fiend, between somersaults—"Where are you going this fall?"—Philadelphia Record.

Police Court.

Chief Herron arrested Fred Emerson, colored, on the charge of selling whiskey, and in Judge Harris' court, he was fined \$60 in one case and \$60 and 25 days in another. This is the first case of the kind in some time, and he had 100 quart bottles in the room.

Beyond Medical Aid.

G. D. Weathers, Avon, Ky., says: "My hogs were so badly diseased with cholera, I did not think medical aid could possibly save them. I gave them Bourbon Hog Cholera Remedy and it cured them without a single loss. Sold by J. R. Mount & Co."

Notice To Grain Dealers.

The Merchants' Exchange of St. Louis extends an invitation to every grain and elevator man to come to St. Louis during the week of October 4th to 9th, and if he will send his name to this Bureau a visitor's ticket to the door will be issued, good for six days. All who have ever lived in St. Louis are especially urged to come and take part in the Centennial Celebration of the incorporation of the city.

Reduced rates on all railroads. Publicity Bureau, 214 Chamber of Commerce, St. Louis.

Educational.

The teachers associations will be held in each Magisterial District on the following dates and at the following places: Lancaster October 2, with Prof. Bridges as Vice President; Bryansville, October 10, with Miss Lorella Skinner as Vice President; Hockeys, October 23, with Mr. W. A. Wheeler as Vice President; Paint Lick district will be held at Cartersville with Mrs. J. A. Arnold as Vice President. All teachers are required by law to attend these associations or lose the day. We hope no teacher will lose an opportunity of attending, as these meetings promise not only to be entertaining, but instructive. County Superintendent.

Brown.

Mrs. Nancy J. Brown, widow of the late Judge Ephraim Brown, died at her home, in this city, on the 9th, being 84 years of age. Appropriate funeral services were conducted, in Lancaster cemetery, in the presence of many relatives and friends, by Rev. C. C. Brown, and the mortal part of that pure and much loved woman, was laid to rest beside her husband.

She was a member of the Presbyterian church, and her excellent traits of character endeared her, not only to her splendid family, but to all who knew her.

She left seven children who are prominent and live and move in the best society. They are Mesdames J. A. Royston, this city, W. O. Parks, Columbus Mississippi, Geo. H. Bruce, Spring Lake, New Jersey, J. N. Lake, Terre Haute Indiana; Messrs. W. G. and J. R. Brown, of Chicago and R. G. Brown, of Leavenworth Kansas. These are worthy, highly respectable and their lives evince the worth of the parental training with which they were blest. The following is contributed:

Mrs. Nancy Gray Brown the wife of the late Judge Ephraim Brown, was the daughter of William Gray, of the Philadelphia Gray family, and who was noted for his piety and Godly life in this community. She was gifted with fine mental endowments, and her ambitions and ideals were high, but for many years she was a semi invalid which disqualified her from active service and her earthly life was far from what she had hoped it would be in achievement.

In life her beautiful faith sustained her and in her declining years she longed to be with her Saviour, and in Heaven she will realize all of her anticipations, her wishes and her hopes, and her glorified spirit pursues the lofty career of its immortality.

The sale of property by E. B. E. Bridge, Trustee of H. W. Cornelius, amounted to about \$1,600.

J. I. Hamilton exchanged 40 acres of land, on the Danville road, for 60 acres, on Sugar Creek, the terms of the deal not being given.

One of the most unique gatherings in the history of religious organizations will be the Centennial State Convention of the Christian church to be held in Lexington, September, 20 to 24.

Elder F. M. Tindler will fill his pulpit at the Christian church Sunday forenoon, and will preach at the home of Mrs. John A. Sanders, in the country, Sunday afternoon, at 3 o'clock, where arrangements will be made to seat the audience.

School Notes.

The first week's work has given promise of a very successful year. Pupils and teachers have entered upon the work with great enthusiasm. While the members enrolled in the High School is not so great as for the past two years there is manifested a spirit of earnestness which is gratifying. The other grades are as full as usual.

A few minutes each day are devoted to physical culture drills in all the grades. Systematic exercises are given such as to induce proper carriage breathing, to promote health, and give strength to the body.

The eighth grade is unusually large numbering thirty. Under the direction of Miss Fleetwood they have organized themselves into a club which they have named "The Excelsior Circle." Its aim is the cultivation of all which is helpful and the suppression of all which is harmful. The club poet is Longfellow; the colors, blue and gold; and the watchword, Excelsior.

There has been offered a prize to the pupil of this grade who makes the greatest improvement during the year in free hand drawing and penmanship.

Several of the members of the "Excelsior Club" met the teacher Saturday, and spent the morning beautifying their room with pictures and other decorations.

Out door work will be done in Nature study and Geography, at least twice a month, by pupils and teachers of the first five grades.

Miss Anderson will spend two periods a week in simple manual training work with the second and third grades, an exercise which must prove a source of pleasure, as well as profit in training eye and hand.

The School Board meets with us regularly once a month this year. We shall expect a visit from them on the first Wednesday afternoon of each month. The Board has made as generous expenditures as could be afforded in purchasing maps, kindergarten material and other school supplies, and every room is fairly well equipped.

We invite our friends to come as often as opportunity is afforded them and see the work we are doing; see some of the things we need, then help us to obtain them.

D. W. Bridges, Principal, Lancaster Graded School.

BUENA VISTA

Herman and Archie Barnett were in Cincinnati Sunday.

Miss Eliza Barnett, of Wilmore, who has been visiting her brother here, is with friends at Harrodsburg.

The Funny Side.

Sociologist—Do you have much trouble keeping down expenses?
The Toller—Not so much as keeping up the revenue!—Milwaukee Journal.

"A schoolgirl with large feet was sitting with them stretched far out into the aisle, and was busy chewing gum when the teacher espied her. "Mary!" called the teacher, sharply. "Yes, ma'am!" questioned the pupil.

"Take that gum out of your mouth and put your feet in!"—New York Observer.

"It's no disgrace to fail if you have done your best," said the philosopher. "That may be so," replied the man who had failed. "But it's pretty tough to have to admit that the best you could do was fail."—Detroit Free Press.

Jack—Perhaps you don't like my style of dancing.
Orme (in distress)—Well, there is rather too much sameness about it.
Jack—Er—how can I vary it?
Orme—Suppose you tread on my left foot once in a while.

Too Hasty.
Coal Dealer (anxiously)—Hold on! That load hasn't been weighed. It looks to me rather large for a ton.
Driver—Tain't intended for a ton. It's two tons!

Dealer—Go ahead.—New York Weekly.

Tommie—I see wood yields about one-fifth as much heat as coal.
Bobbie—I guess my dad don't know that.
Tommie—Why?
Bobbie—Because when he "warms" me he always uses a shingle.—Yonkers Statesman.

Larger Than Mammoth Cave.

Professor Edgar L. Hewitt, the archaeologist, has just discovered greater caves in the northeastern part of Arizona than the world-famed caverns of Kentucky. They have chasms and vaulted chambers in which an office building of forty stories could be stowed away, and are surrounded by ancient and mysterious ruins never before visited by a white man. The Indians have long known of the existence of these caves, but have kept it a secret. A Navajo guide led Professor Hewitt to them. Several natural bridges between hills in the vicinity the professor found so large as to make the rock bridges of Utah and Virginia look puny by comparison. The ruins contain relics, household articles, and remains of a race of which the archaeologists have no trace. These caverns doubtless formed the shelter and home of early tribes, and this discovery will be of world-wide interest to scientific scholars.

And he came thither unto a cave, and lodged there. (1. Kings 19:9).—Christian Herald.

ANNOUNCEMENT.

To the Republican party of Garrard county: I am the Republican nominee for County Attorney and will appreciate your support. B. D. Herndon.

We beg to say to Mr. Landrum of the climax that our father used the word "wedded", in a sense of being pleased with, when he said that he was wedded to Kentucky's beautiful women, horses, lands &c. This is not the first time that he has been asked to explain that expression.

The Democratic nominees are in the best of spirits. They are going in to the hedges and high ways, where they find the majority in favor of the principles which they advocate. A democrat offered 5 to 1, on the election of the entire ticket, from corner to corner of the county, but found no takers.

Much is being said and written of the death of E. H. Harriman, the great railroad king and financier. He had accumulated many millions of dollars and was one of the greatest financiers the country has ever produced. But death levels all ranks and he stands as other men before the bar of eternal justice, where large corruption funds cannot be used to defeat the ends of right. He should have taken much stock in the narrow Celestial road that leads to rest, and we are not prepared to say that he did not. But if his genius and power to organize had been exerted toward the promotion of moral and religious causes the world would be much better.

Hon. J. A. Sullivan, of Richmond delivered a true and eloquent speech at the Louisville barbecue, in which he showed that the taxing power of the republic is turned over to the trusts, and had the following to say of our state:

"Kentucky is a Democratic state; a majority of its manhood and womanhood is of that faith. Because of all this a higher standard is required by the public of the Democratic party than the Republican party. Before the last state election the Republican party combined with both the temperance and anti-temperance people; after the election they were willing to combine with either or both sides of this question."

Commander Peary has displayed a spirit of envy, jealousy and littleness in denouncing Dr. Cook as an impostor, in announcing the discovery of the North Pole. Dr. Cook has acted in a manner that commands the respect and esteem of the public. If Peary's claim, to the distinction of making the discovery, was based on good testimony he should have produced the proof in a quiet manner. His conduct has prejudiced the people in favor of Dr. Cook who is being received with the greatest honor. His friends are producing many things to the discredit of Peary, and they will give him a banquet in New York on the 23d. We are for Cook until we have more evidence.

The State Board of Health has issued a circular giving some facts, in reference to typhoid fever, which should induce everybody to use every precaution to prevent it. We quote the following:

An average of 13,365 cases of this disease and 1,579 deaths are reported in Kentucky every year, chiefly confined to people in the prime of life and usefulness. The cost of caring for those "lick of it, to say nothing of the

sorrow, suffering and loss of life, for the year, is reported as being \$963,750. At the very low estimate of \$2,500 for each life lost the actual money value of those dying was \$3,947,500. If to this be added the cost of caring for the sick it gives a total loss to the people of Kentucky from this one disease in an average of \$4,911,250.

NEW CLOTHES IN CONGRESS.

Once upon a time, the seasoned gossip of Washington say, you could spot a United States senator at sight. But now, they declare, it is hard to tell a senator of the upper house from a stock broker. It is all in the matter of clothes, says the New York World. The long frock coat, the expansive shirt front and the big, soft black hat of old have yielded to modern business attire. We mention these things because a Washington dispatch stating that 55 members of the house appeared on Monday in wholly new garments suggests a general thought of the clothes of congress. A British M. P. who visited this country a few years ago remarked that our national legislators did not know how to dress. To which a traveler from home rejoined promptly that they were lucky if they did not know how to dress like members of the house of commons. He that as it may, what meager particulars we have of the new suits of various representatives indicate that the increased salaries of congress have fallen amid exponents of sartorial progress and good taste. It is likely that all 55 of the freshly clad would pass muster on brightest Fifth avenue.

Sir Robert Bond, former premier of Newfoundland, who has been conspicuous for many years as an opponent of American fishermen who ply their calling in Newfoundland waters, and who has been largely instrumental in initiating the fishing embargo to proportions which compelled international consideration and submission to The Hague conference, was badly beaten in the election which took place in Newfoundland. This fact will be accepted as evidence that Newfoundlanders are not opposed to American fishermen, and that they find in the presence of the Americans an element of business which makes for the prosperity of the coast fishermen, who not only work for the American fishing vessels, but also dispose of their fish in a legal manner, under the limitations of the law.

An old inmate of an almshouse in New York, aged 84, who had never in the course of her life seen an automobile before, fell in a dead faint in the street when one whizzed by her, with the horn tooting. When she recovered she told the doctor who had attended her that she had been in hell and had seen Satan. Some of the victims of the speed maniacs would not quarrel with her diagnosis of the situation.

Guessing matches as regards the population of the United States as it will be shown by the decennial census next year have begun in lively fashion. The estimates run from 75,000,000 to 90,000,000. But guessing at the census is about as satisfying as a postal card canvass before election. The average citizen prefers to wait for the official figures.

It is pretty difficult to kill off the gambling spirit. The Cuban house of representatives has voted to establish a national lottery. It is Cuba's business, of course. But other ways of raising money for government purposes would have been more creditable.

In the history of the world the time has come when it is necessary for the nations to unite in conserving their natural resources if they would escape or postpone the fate that seems to have been dealt out to the moon.

Judging by the numerous remarriages of divorced couples, there is a field for some enterprising author who can hammer together a book on "How to be happy though divorced."

So long as the earth numbers among its inhabitants so many persons who want to get something for nothing the lottery business will keep on looking for an opening.

Anyone who does not know what a basic patent is, but would like to find out, should watch carefully the flutter of the aeroplane case through the courts.

Nations that are hard up for money should hold off on Dreadnought building until they find out what the airship is going to do to armored fleets.

Automobiles that would lay their own dust and consume their own stench would make life much sweeter for the humble pedestrian.

Mr. Noah Marsee has been confined in his bed for two weeks with rheumatism and malaria.

Mr. Lawrence of Indiana, was called to the death bed of his wife, who died at the home of her parents, Mr. and Mrs. N. J. Gosney of tuberculosis Wednesday of last week. After a short service at the house, her remains were placed in Lancaster cemetery. The friends of the family offer sympathy.

One day last week Amos, the 14 year old son of Mr. Albert Skinner accidentally shot himself while shucking corn in the field. He picked up the gun by the muzzle which was lying in his way when the discharge entered his left side, penetrating his lung. He remains in a critical condition at this writing.

"Pioneer Day" was celebrated last Sunday afternoon at Pleasant Grove church by appropriate exercises. Rev. Under, the leading speaker made an enthusiastic talk on Alexander Campbell, the founder of the Reform religion, the hardships of Mr. Campbell, the growth of the denomination and how the "Truth" as given by Mr. Campbell should be propagated and taught to the rising generation. The gist of the papers that were read was the honoring of great men and a plea for unity, that other denominations might come into the great "Bible Truths" as taught by Mr. Campbell. After which a collection was taken for the endowment fund.

Mrs. C. S. Roop who has been sick for seven weeks is able to be up again. Little James McQuery is very sick at this writing.

We are glad to say Miss Mary Roop is able to be out again after a severe attack of typhoid fever.

Mr. James Wells and family were the guest of Dr. G. S. Redwine and family Sunday.

Mr. Emard Clark bought a nice bunch of hogs from Mr. Chris Woolwine last week.

The death angel has swept over the home of Mrs. Eld Rothwell and claimed as his victim her loving son Edward. He died of that dreadful disease, typhoid fever. He was buried at the Paint Lick cemetery Saturday. We extend our heartfelt sympathy to the bereaved family.

General News.

Two hundred dollars a ton for broom corn is now predicted by men in the trade. At Arcola, Ill., farmers have refused \$150 for corn in the field. The price Tuesday was \$100. Buyers are frantic, while the farmers are "standing pat."

Henry Clews says that he knows positively that Edward H. Harriman left Arcola, or at least a great part of it, to New York State as a public park.

Henry Hill, a negro, was drowned in a creek by a mob at Rayville, La., after he had attacked Miss Nettie Jones, a prominent young woman of that place.

Announcement comes from Louisville to the effect that the Louisville Horse Show will be held this year during the week of October 11th. It will be held in the First Regiment Armory which is unsurpassed as a show place for horses. The prize-list has been completed, and the amounts to be awarded will run well over \$12,000. The horsemen of the State and the country at large, who regard the Louisville show as the equal of any in the country, will have something worth while to contest for this fall.

Commander Robert E. Peary denounced Dr. Cook as an impostor before the world, in the Brooklyn explorer's claims that he had discovered the North Pole. His wireless messages Commander Peary sent broadcast that Cook had never been out of sight of land in the Frozen North and that the Eskimos would bear witness that Cook was an impostor. Dr. Cook replied to Peary's charges at Copenhagen. He was not perturbed, and in a calm mood, said that time would prove his statements true. That he was the first discoverer of the North Pole the world would know as he had the proofs to substantiate his claims. Dr. Cook also said he would send a ship to the polar regions to bring to America the two Eskimos who accompanied him to the pole and prove by them as well as by authentic observations that he was there.

Edward H. Harriman died on the 9th at his home on Tower Hill. He succumbed to an intestinal disorder from which he had been suffering for a long time. Mr. Harriman is said to have retained his mental faculties to the last. The end was peaceful. The family were at the bedside. The death was not announced until thirty-five minutes after the close of the New York Exchange.

The Kentucky Rapid Transit Company, capitalized at \$10,000,000, was chartered at Dover, Del., to take over traction companies in Kentucky. Its principal operations at first will be Louisville, Lexington and Frankfort. The company is said to have been organized by Boston, New York and Philadelphia capitalists. It is also authorized to operate electric light and gas plants.

Former President Roosevelt requested that the United States Government send a supply of black bass to British East Africa to be deposited in Lake Naivasha. Mr. Roosevelt's request was made in a personal letter to Commissioner George M. Hovers, of the Bureau of Fisheries, and it will be complied with if possible.

Kindness Better Than Gold.

A bit of kindness is a better gift by far than all the gold in the kingdom. The one brings out all the good and heavenly attributes and the other all the unreal and worldly.

Impatience.

How weak we think others are to show impatience! It is so clear to us that impatience in others is a foolish waste of vital force, since it cannot possibly do any good, but we are impatient ourselves, and learn nothing from the folly of others.—Athenian (Kan.) Globe.

Simple Recipe for Beauty.

An old book says that if one will make a powder of elder flowers gathered on midsummer day, dry them and use a spoonful thereof in a good draught of water morning and evening for the space of a month it will make him or her young and handsome for a long time.

Feeding The Crops.

The noted millionaire farmer David

Rankin, of Missouri, says:

"I have been asked why I always

feed all my corn and I always say—

first, I find it profitable to feed it, be-

cause in that way I can get full value

out of it, and secondly, I also gain an

immense amount of fertilizer, and

then to haul my corn to the railroad

to ship would be a big job. And, fur-

ther, I do not believe in selling raw

material. You see, I run my farm-

ing business something on the plan of

the manufacturing industries of the

country. I want to sell the finished

product, and can do so only by feeding

all I raise to stock. If by doing so, I

NO CURE FOR BALDNESS.

PHYSICIAN OF NATIONAL

REPUTATION STATES

THAT IN RARE CASES

BALDNESS IS NOT A

DISEASE.

It is a well-known fact that more

charlatanism is rampant today on the

subject of the scalp and hair than ex-

ists concerning any other subject, ex-

cepting, perhaps, consumption. Dr

Nott says: "Among the thousands of

cases that have passed under my in-

spection, I have seen but very few au-

thenticated instances where baldness

has been successfully treated; of

course, if there was among the pa-

tient medicines anything that would

accomplish the result we would know

of it and would at least try it. So far

as restoring hair to color or promot-

ing the length of the hair, that's an-

other matter. The Q-Hair Hair Re-

storator, for instance, will restore gray

hair to its natural color. I have used

it in hundreds of instances without

falling in a single case. I have used

the Q-Hair Hair Tonic as well, very

often and effectively to encourage the

growth of a luxuriant crop of hair—

to remove dandruff, etc., but I have as

yet to record a single case of baldness

that has been effectively treated,

without having to resort to a general

hygienic treatment in connection with

standard products, like, for instance,

Q-Hair Hair Restorer and the Hair

Tonic. I have found them to be very

effective assistants. Dr. Nott ad-

mits and insists that to produce a lux-

uriant growth of hair, to restore gray

hair, cure dandruff and diseased

scalps is quite possible by simply ob-

serving the laws of health and using

Q-Hair Hair Restorer and Tonic. But

for baldness there is, as a rule, no cure;

although some remarkable exceptions

may be noted.

Q-Hair Hair Restorer and Tonic, we

understand, can be had now at all

druggists, put up ready for use with

full directions given as to the applica-

tion.

Must Have the Wishbone.

A Connecticut man gleefully an-

nounces that he has succeeded in

breeding a duck which has no breast-

bone! Nobody who has ever carved a

duck will object to this new variety,

but the ambitious Connecticut man

should be warned that any attempt

to produce a chicken without a wish-

bone will be resented by several mil-

lions of children, to say nothing of grown-

ups.

Jaka Gona "Dry."

"How is your business since the

town went dry?" was asked the well-

known German barber, who answered

in his characteristic manner: "Ven

this town was wetted perennus was

good; plenty of pennies. Ven the

town went dry and I went on wetted,

pennus was rottings. Now the pen-

ness is good as long as I get in line

with the town and go dry myself,

possess picks up at voice and my

razors run smooth and everybody is

pleased and prize about my work. I am

dry now like the town and the two

dry go like together. If I got wet

von night pennus drop off and all in

pieces and everthings goes wrong side

in. My advice is for everybody to

stop getting wetted and all is happy

as the goose in de life story vinder."
